QUALITY THROUGH SELECTION

For over 20 years, *Stanard & Associates* has helped fire departments to select and promote only the most qualified individuals. Our content valid, job-related tests allow you to identify candidates with the basic skills, knowledge, and ability to meet the rigorous demands of the fireservice industry.

Let us help you identify quality candidates through the use of our:

- National Firefighter Selection Test (NFST)
- National Firefighter Selection Test/Emergency Medical Services (NFST-EMS)
- Physical Ability Tests
- Job Analysis
- Customized Examinations
- Personality Evaluations

Our Programs meet all Federal and A.D.A. Guidelines.

HELPING YOU SELECT THE BEST

Stanard & Associates, Inc.

Nothing Dumps Faster!
Ask for it by name.
Rely on A.H. Stock Manufacturing, the original manufacturer of the Kwik-Dump Water Valve.
We are the world's largest manufacturer of 10x10 dump valves and presently have over 15,000 in use. We've been in business for fifty years, so you can depend on us. That's why Newton Kwik-Dump Valves can be trusted to get your tanker emptied and on its way FAST. Standard length Mild Steel and Stainless Steel are in-stock. If you need special length valves, call us and it's as good as done. Don't accept look-alikes, ask for us by name. For prompt, timely delivery, call us today.
Write or call for more information
VHS demo tape available.
